About docusrch

An **AI-powered research tool** designed to streamline and simplify complex document analysis, enabling students and professionals to quickly extract precise insights, saving valuable time and enhancing productivity.

Our Goal

To increase **brand awareness and student adoption** of docusrch by launching three targeted affiliate programs—Knowledge Pioneers, deepsrch Creators, and PaperTrail—supported by strategic social media content to engage and leverage peer influence among college students.

Why College Students?

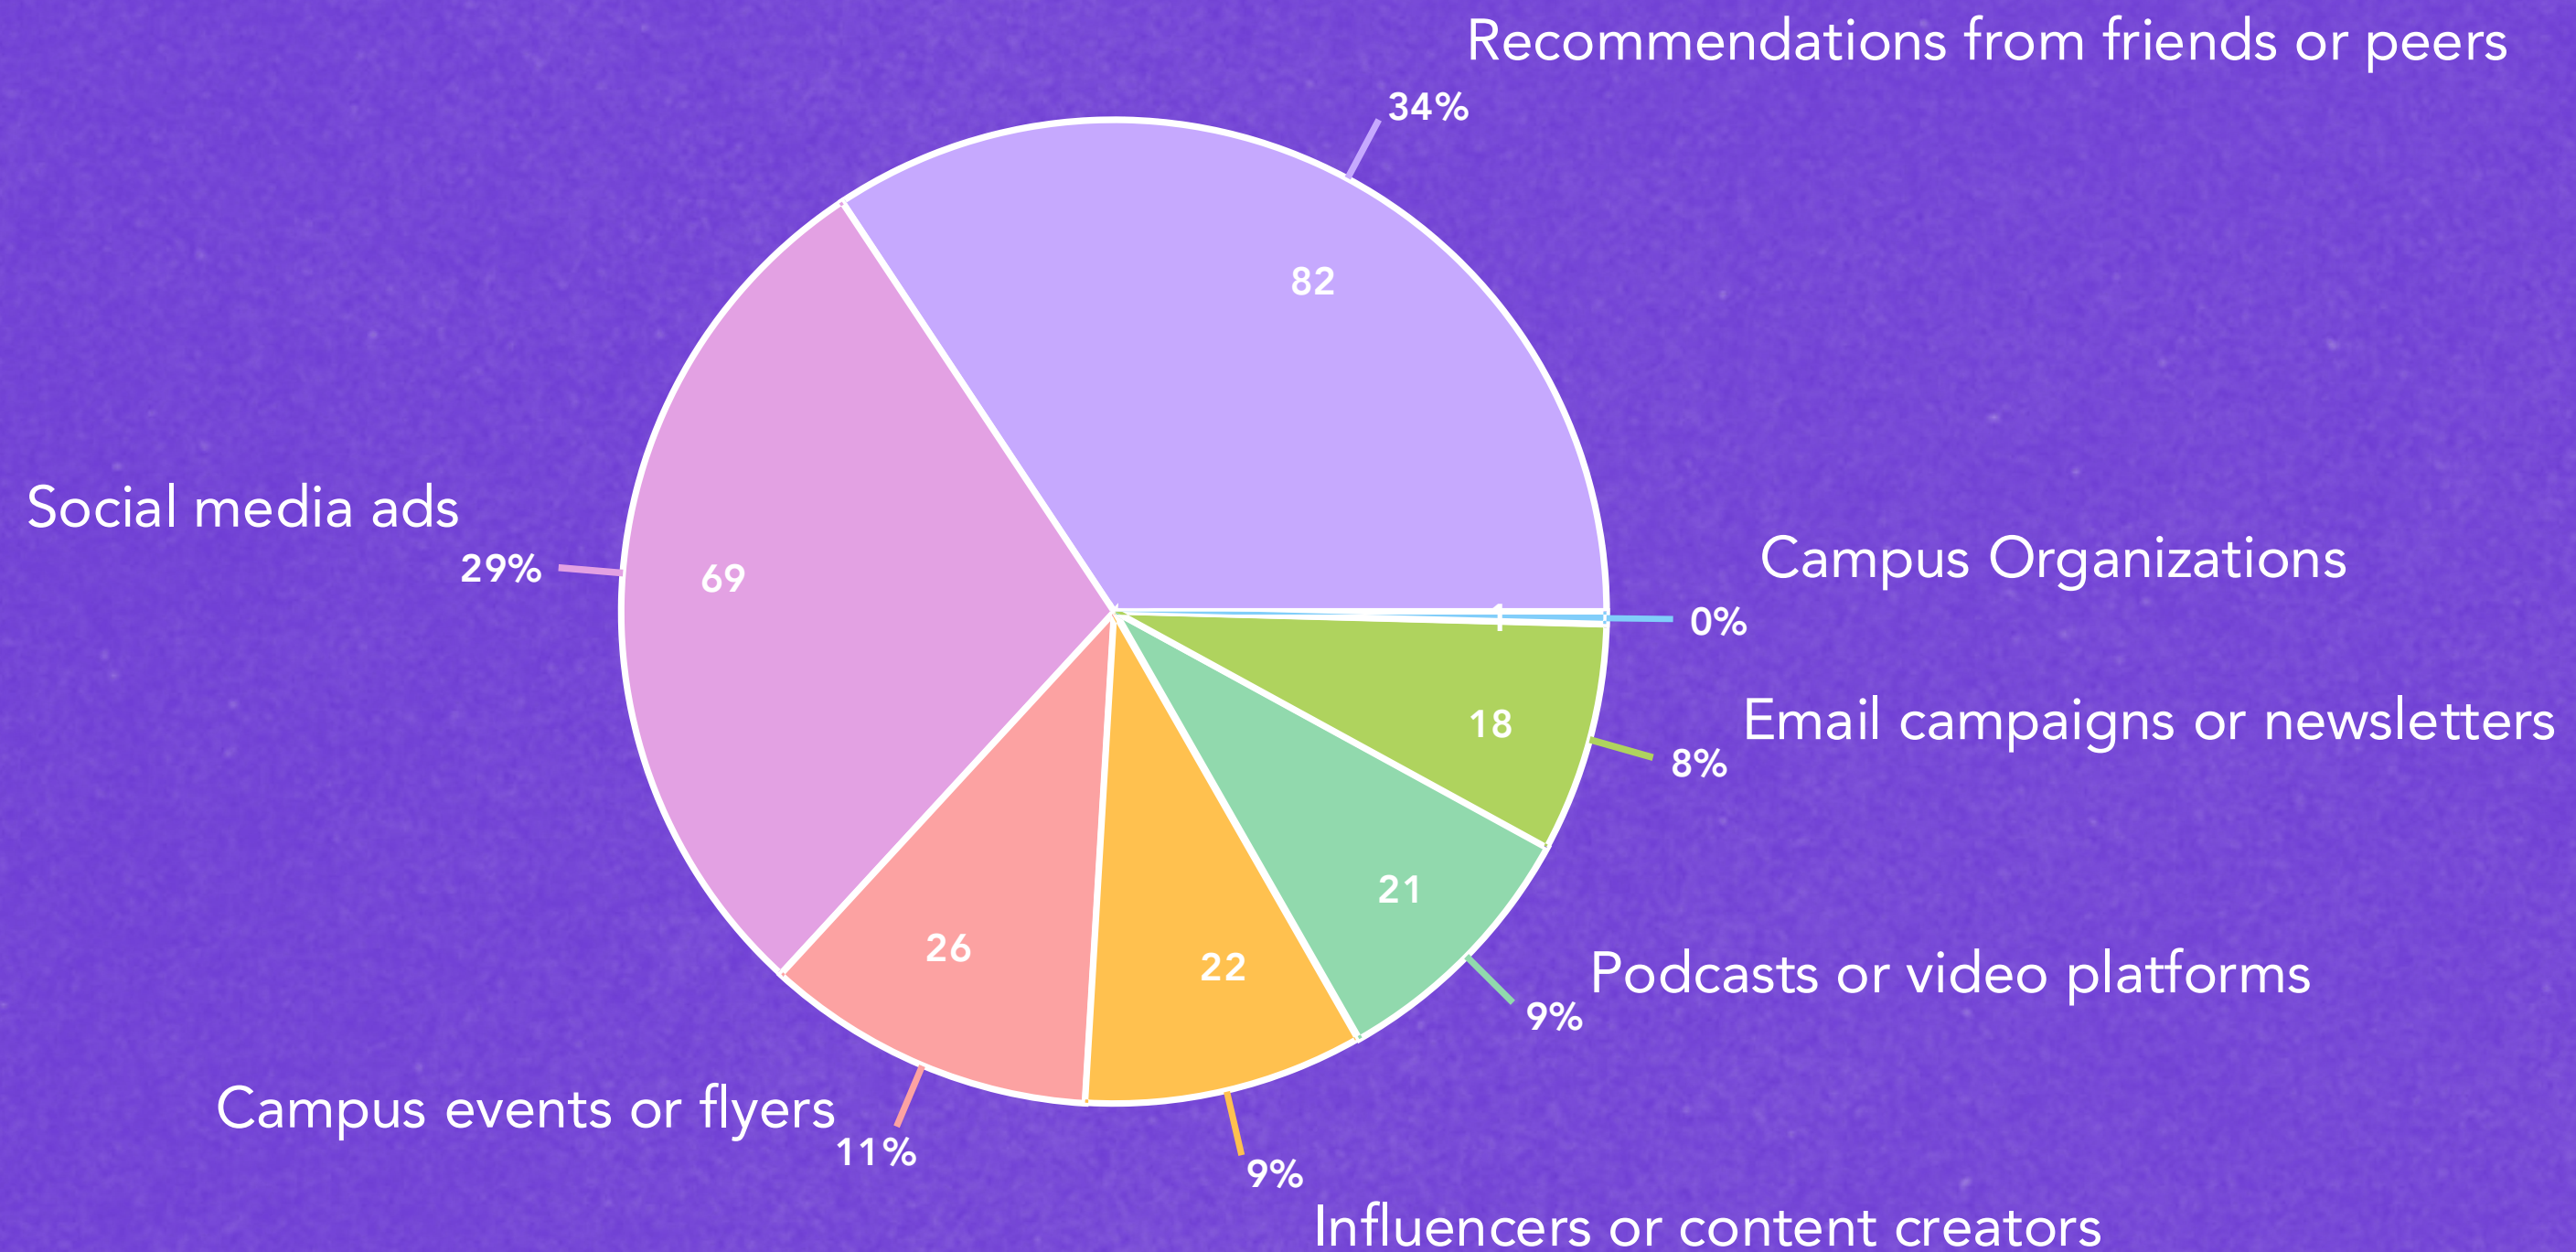

- Primary Users
- Campus Integration
- Tech-Savvy
- Career Development Appeal

"Make Trailblazing Connections Count"

Program Highlights

Independent Content Creators

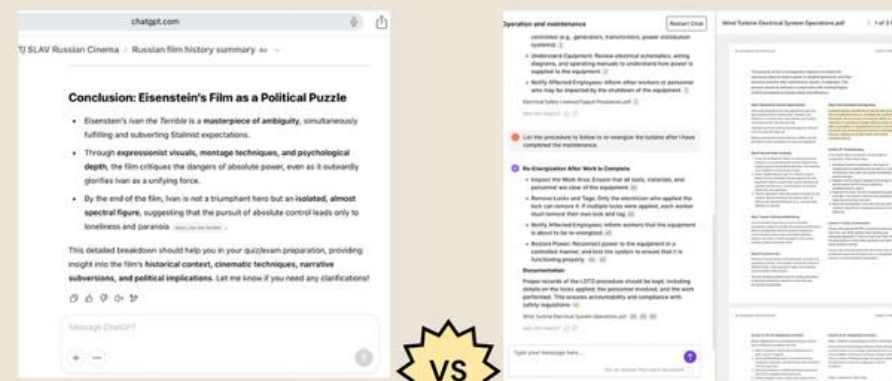

Commission-Based Earnings

On-Campus Promotion & Tabling

Personalized Affiliate Links

Content Creation

RECEIPTS OR IT DIDN'T HAPPEN: Who is actually citing?

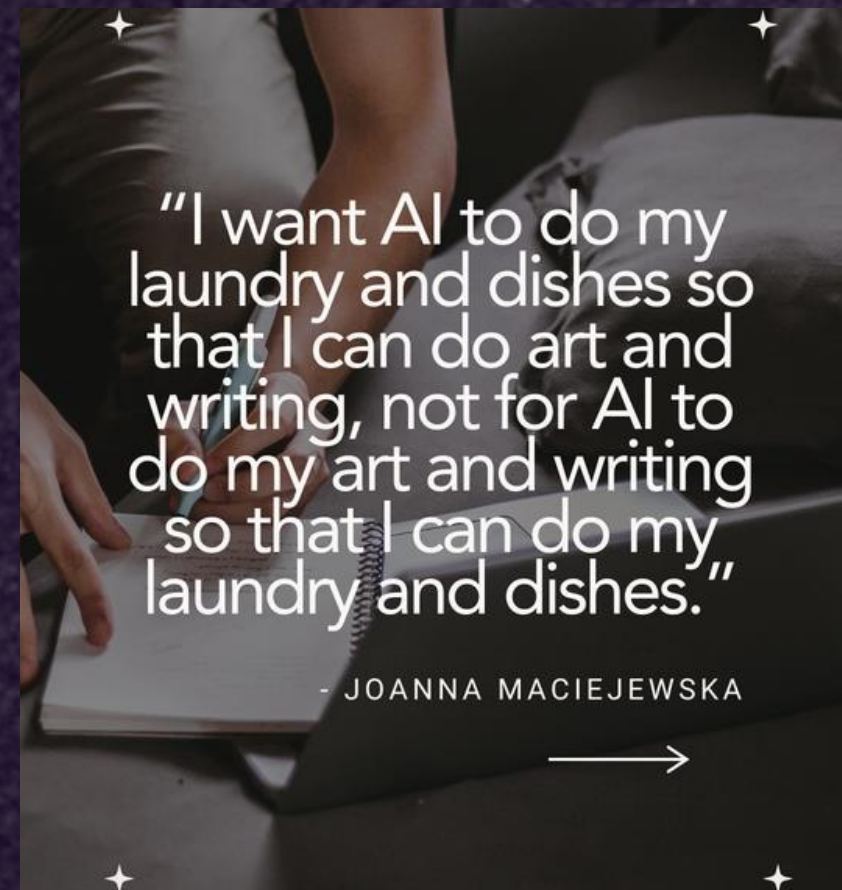

VS

ChatGPT

"This comes from Document X."
• You: 😊 Cool... but where exactly?

docusrch

"This info is from Document X,
Page 5, Line 3."
• You: 😊 No guesswork. Thanks, DocuSrch!

STUDY ESSENTIALS

THE PERFECT STUDY SETUP DOESN'T EXIST—

It's not just about the notes and the deadlines. It's about setting the vibe, finding focus, and making studying feel right. A fresh page, a strong coffee, the right playlist... and of course, the one tool that actually makes research easier.

Docusrch—because the smartest study essentials aren't just on your desk.

docusrch: Your AI Research Assistant for Efficient Analysis.

Next Cycle Recruitment**
(June - August
2026)

Target Groups at UCSB

to find student affiliates

Data Science

Association for
Computing Machinery

Undergraduate Research
& Creative Activities

Next Steps

1. Reach out to leaders of these organizations to introduce the docusrch Affiliate Program.
2. Host tailored workshops or informational sessions to showcase the docusrch features.
3. Collaborate with target groups to integrate docusrch into their activities through live demos, free trials, and research-focused events.

Thank You.
